Dear Parents/Guardians,

As we navigate through this year of construction and renovation, we are opening our Online Registration early this year to accommodate the summer construction work at both buildings.

Starting May 1st, Online Registration will be available for parents/ guardians to complete through the IC Parent portal. Please view the following "[Steps to Complete Registration](#)" for detailed instructions for processing your registration. If you need help with Infinite Campus, please see [instructions to complete OLR](#) for support or contact IChelp@foxbay.org.

We encourage parents/guardians to start this registration process early and complete it by May 24th. If you are unable to complete this early, Online Registration needs to be completed by September 1, 2024.

If you need assistance, please contact the front office(s) to arrange for a time for support in the registration process.

Please watch this summer for email updates regarding important back to school information, including any changes to the Handbook as needed (**this includes specific start/end times of the school day**). We appreciate your attention to this while we work to accommodate this unique summer of construction changes.
