June 2017

Dear Parent(s) or Guardian(s)

The end of the school year is near and we would like to remind you to please stop at school to pick up any medication(s) which you sent to school for your child. Medicine will not be sent home with children. **Any medication not picked up by the last day of school will be disposed of.**

If medication is to be administered again next year, new medication permission slips will need to be filled out and signed again in the fall and medication brought to the Health Office by the parent or responsible adult. Both prescription and non-prescription forms are available on the district website.

Sincerely,

Suzi Metzenheim
