We are Building Our Future, Together

In 2022, the residents of Bayside and Fox Point voted to support the referendum plan to address significantly aging building infrastructure and systems; safety, security, and accessibility; and outdated, inflexible learning environments at Bayside Middle School and Stormonth Elementary. Thanks to the community's support, we're excited to move forward with designing and building a new Bayside Middle School and making critical improvements to Stormonth Elementary.

Groundbreaking for the new Bayside Middle School is expected in spring of 2023, with construction continuing through the summer of 2024. Renovations and improvements at Stormonth Elementary School will also take place over the same timeline.

Visit the **Design & Construction** section on the district website for project updates, photos, and more as work continues.

Fox Point-Bayside collaborated with staff, school board, community members and experts to create a strategic plan that reflects the priorities of our community and needs of our students. The plan has five pillars with unique goals and accompanying strategies to accomplish the goals.

1

Engaging Academic Curiosity

2

Fiscal & Facilities Stewardship

3

Mental & Personal Wellness

4

Community Engagement & Partnerships

5 Diversity, Inclusion and Belonging

Diversity, Inclusion and Belonging is an integral component of Fox Point-Bayside's future. We felt that it was a major priority that deserved to be highlighted as its own pillar, but at the same time, it must flow across all aspects of Fox Point-Bayside to truly be effective. Our goal is that it is incorporated into every aspect of the plan and to always think with an equity lens when we make future decisions.
