

January 20, 2017

Dear Stormonth and Bayside Parents,

We feel incredibly fortunate to be able to send our children to school in the Fox Point-Bayside District. To be in a school community that so highly values our children and their educational experience, with so many educators and families investing their time, effort and resources to this end is truly special. We don't take this for granted, and we appreciate the part that you and your family play in making our schools so strong. Together, WE help make our schools places where our children can learn and thrive.

We know that each family's situation is different, but that each is able to contribute in their own meaningful way. We are asking for each family to be part of this year's annual Fox Point Bayside Educational Foundation's Rolling on the River Event on Saturday, March 18th, and there are so many ways that you can do this! Here are some ways you can be involved:

- Donate an auction item
(Looking for travel, sports, or boating experiences-- think vacation homes or timeshares, one game from your season tickets--remember grandparents can donate, too!)
- Coordinate several families to put together a themed basket for the auction or larger electronic item (Ipad mini, Xbox, American Girl Doll package)
- Ask your employer for event sponsorship or a donation
- Family or business sponsorships
- Cash donations, large or small
- Join one of our committees to help plan the event
- Volunteer on the night of the event
- Attend Rolling on the River-- and ask friends to join you! Check out our website at www.rollingontheriverbenefit.com Be on the lookout for your mailed invitation!

Sincerely,

The Fox Point Bayside Educational Foundation Board
