SUMMER SCHOOL PROGRAM TIMES

The FPBS Summer School will run two sessions of summer school opportunities where students may participate in session one only, session two only, or both sessions!

- Session 1: Monday through Friday, June 18-June 29, 2018 8:00am-11:55am
- Session 2: Monday through Friday, July 9-July 20, 2018 8:00am-11:55am

Class Period 1: 8:00am-8:55am

Class Period 2: 9:00am-9:55am

Class Period 3: 10:00am-10:55am

Class Period 4: 11:00am-11:55am

Each child may enroll in four (4), fifty-five minute classes per day based on course availability. *Please note some courses, may run for two consecutive class periods. **Please write in alternative class choices at the end of the form in case your first choice is no longer available.**

ELIGIBILITY

Any student currently enrolled in public, private or parochial school having completed grades K-7 is eligible to participate.

DISTRICT STATUS

A resident student is any student who currently attends Stormonth Elementary School or Bayside Middle School or who lives within the Fox-Point Bayside School District boundaries. Students who do not live in the district may enroll if room permits and upon payment of program fees as listed.

PROGRAM FEES

Resident Students (completed) Grades K – 7	See individual course descriptions for material fees.
Non-Resident Students	\$150 per student per session plus individual course fee.

Full payment of course fees, plus any additional materials fees, **must** be submitted prior to the start of the Summer School Program on June 18th, 2018. Summer School Program fees should be paid online using your Infinite Campus Portal account; an account will be created for families who do not attend FPBS schools during the current school year. Fees will be invoiced with your course schedule confirmation, which you will receive by Friday, June 1, 2018.

Fees will not be prorated due to absence or refunded due to withdrawal from the program.

REGISTRATION

Registration will open February 23, 2018. An electronic copy of the registration form will be sent home with students on Friday, February 23, 2018. Hard copies of the course descriptions will be distributed at parent teacher conferences.

NOTE: Register for courses based on the grade your child will be entering for the 2018-19 school year. Please read the descriptions carefully before completing the form below.

[Summer School Online Registration Link](#)

REGISTRATION DEADLINE

Registration forms must be received by 4:00 p.m. on April 13, 2018. Courses will be filled on a first come, first serve basis. Registrations received after this date will be accepted only if there are seats available in the class. Please note, you will be asked to define alternate course choices, should your choice be unavailable.

CONFIRMATION OF COURSES AND SCHEDULE

You will receive confirmation of your child’s schedule by Friday, June 1, 2018. You will receive an invoice for course fees at this time.

ATTENDANCE

All students enrolled in the Summer Education Program are expected to attend classes on a regular basis. Please contact the Stormonth Summer School Office (414-247-4101) to report an absence.

PROGRAM POLICIES

The Fox Point-Bayside School District Summer School Program utilizes all school district rules and policies, including behavior and conduct. These guidelines must be maintained to support effective programming. In addition, the The Fox Point-Bayside School District utilizes the same computer/internet policies for summer school, as the school year. You can find those policies on the district webpage.

TRANSPORTATION

Transportation is not provided for resident students. Parent carpools are strongly encouraged and have proven to be very effective in reducing traffic congestion. Transportation will be provided for students in the Chapter 220 program.

PROGRAM QUESTIONS

If you have questions, contact the the Mindy Makinster, Summer School Principal/Coordinator at 414.380.1865.

FPBS SUMMER SCHOOL PROGRAM COURSE DESCRIPTIONS

Course Descriptions- Specific Grade Levels

REMINDER: Register for courses based on the grade your child will be going into.

Bayside Mentors - for students currently attending 7th grade, going into 8th grade (2 class periods)

Wanted: Compassionate students who are interested in being part of the 8th Student Mentor Team. By participating in this session, you will learn the many facets of becoming an 8th grade mentor, such as helping other students work through conflict, giving tours of the building, assisting 5th graders with adjusting to middle school, and being ready to take a leadership role in your last year at Bayside. Character building activities will be an important and meaningful part of this training. To participate, please request an application and teacher recommendation form from Mrs. James.

Fired up for First Grade-for students currently attending K5 programs, going into 1st grade (2 class periods)

This course is designed to support current kindergarten students who are making the transition to first grade in the fall. Students will work to reinforce the core concepts and basic skills learned throughout kindergarten that will help them succeed in first grade! In literacy students will participate in a variety of activities to help bolster their phonics skills, review and solidify sight word recognition, and prepare them for first grade reader's and writer's workshop. In math students will practice counting skills, addition and subtraction strategies, and work with story problems. We will also get creative and our hands dirty with some fun and interactive arts and crafts projects!

Kid Cuisine (Combined 1-5) - for students currently attending k5-4 grade (2 class periods)

This class is designed for those who love to make food! Students will incorporate their writing skills into writing recipes. Learning about food groups, and measuring all while making kid friendly foods and learning about healthy snacks. Everyone gets the opportunity to be a chef!

Movin' to Middle School - for students currently attending 4th grade, going into 5th grade (2 class periods)

Want to get a jump on your first year at Bayside? Interested in learning the best ways to get around the middle school, manage your homework load, or open your locker? Join us for Movin' to Middle School to learn how to be successful during your first year at Bayside through participation in fun activities, such as a Bayside scavenger hunt. From study skills to hall traffic patterns, students will come away from this session with valuable knowledge and skills to help them be successful Bayside 5th graders! See Mrs. James, Bayside School Counselor, for more information.

Course Descriptions for Students entering Grades 1-3 in the Fall of 2018

All A'Board (no fee)

Love to play board games? Want to strengthen your critical thinking skills and strategy development? Choose from a variety of different board games, relax and build a LEGO village, or compete with others to make the best words in Scrabble. Spend your Monopoly money and become the owner of real estate, railroads and utilities. Be sure to pay the taxes or you will pay the consequences. Use your skills to be a winner with a variety of classroom games or bring a favorite to share. Puzzles and games give our brains a boost! Please feel free to bring your own board game, as well.

Astounding Artists (\$5 fee)

Come express your creative energies while learning about different artists and applying their techniques to your creation. Learn different painting and drawing techniques and be prepared to get messy! *Students will need to bring an art smock or old t-shirt.*

Crafty Kids (\$5 fee)

Come create magical little creatures out of fabric, plaster, and clay with Ms. Trump. Create sculptures and 3-D art while putting your "craft" on. This creative art class will keep the minds of all children excited, engaged, and challenged this summer! Summer Fun meets Summer School!

Cross Stitch/Sewing (\$10 fee)

Have fun and make beautiful cross stitched projects you will be proud to display. Students will be able to choose their own projects and learn skills such as needle threading, following a chart, and stitching depending on individual ability levels. Get hints to make your work easier such as how to separate thread and what to do if a thread pulls out.

Fired up for First Grade-for students currently attending K5 programs, going into 1st grade (2 class periods) (no fee)

This course is designed to support current kindergarten students who are making the transition to first grade in the fall. Students will work to reinforce the core concepts and basic skills learned throughout kindergarten that will help them succeed in first grade! In literacy students will participate in a variety of activities to help bolster their phonics skills, review and solidify sight word recognition, and prepare them for first grade reader's and writer's workshop. In math students will practice counting skills, addition and subtraction strategies, and work with story problems. We will also get creative and our hands dirty with some fun and interactive arts and crafts projects!

Jewelry Making (\$10 fee)

Interested in creating your own masterpieces of unique jewelry? This is the class for you where you will get to bead or string your way to unique bracelets, necklaces, rings, earrings, or anklets. Create customized, stylish jewelry ready for you and your friends to wear! Be your own jewelry designer where you can choose your own colors to make one-of-a-kind pieces! You can make simple bead necklaces and bracelets, Elsa inspired necklaces, super cute Pony beaded necklaces, and bracelets out of T-shirts. Grades 4-5 not only will we bead bracelets and necklaces but we will also make wooden bracelets out of Popsicle sticks, splattered paint pendants and friendship bracelets. Grades 6-8 will also try their hand at macrame bracelets. Come join us and let your creativity run wild!

Kid Cuisine (Combined 1-5) (2 class periods) (\$10 fee)

This class is designed for those who love to make food! Students will incorporate their writing skills into writing recipes. Learning about food groups, and measuring all while making kid friendly foods and learning about healthy snacks. Everyone gets the opportunity to be a chef!

Kindness Counts (no fee)

This class is designed for students to learn about the power of kindness. Students will engage in kindness counts activities both in the community and the school where they will engage in activities or projects centered around making a difference. Some activities may include: kindness rocks, updated buddy bench, kindness posters.

MakerSpace (Combined 1-5) (\$5 fee)

Join us in *the place* for making, collaborating, learning, and sharing - the Makerspace. Get hands-on this summer with Legos and be the director of your own movie with Green Screens in Session 1. In Session 2, take your problem solving and robot skills to the next level as you develop solutions to the "Makerspace Summer Challenges" using Connectors and Dash Robots to accomplish the objectives. Students with curiosity and imagination wanted!

Math Games (no fee)

Are you interested in playing games, but secretly learning math? Students may play card games, Sequence Numbers, I Sea 10, Sumoku, Super Genius, Speed, Prime Club, and many more.

Music and Movement (no fee)

This class is designed for students who want to explore poetry, dance, music, songs, puppets, and props. Students will be able to increase listening skills, language skills, motor skills, self expression, concentration and memory while building teamwork and creativity.

Painting and Printing from A-Z (\$5 fee)

Have you ever painted a picture with Ice...or with a Dinosaur...or even with a Zipper? Come and create some unique pictures with some "everyday" objects! Students will create pictures using everyday objects from A-Z ie apples, bubble wrap, cups, dinosaurs, etc.

Reading and Cooking Around the World (\$5 fee)

Would you like to learn about food from a particular region or country? This is your opportunity to choose a country you would like to learn more about, create a Google slideshow about that country and then learn how to cook a traditional recipe from that particular region/country. Fiction and Non-fiction resources will be used for reading and learning about the different areas of interest.

Readers Theater (\$5 fee)

Sink your teeth into summer by creating your own stories and skits based off of your favorite stories or a new story! Develop reading fluency by exploring famous authors and acting out your favorite scenes! Who needs costumes, props, or a set when you have a creative imagination?

Sports Frenzy (no fee)

Come have some summer fun with "Coach Mak," Brian Makinster. The focus will be on teamwork, sportsmanship, and safety skills while we will play a wide variety of traditional sports and creative Physical Education games. This adventure of recreational fun will provide plenty of non-stop action for all kids. Please bring a water bottle.

Summer Kicks (no fee)

Come learn soccer skills. You will learn dribbling, passing, shooting, defending and even goalkeeping. Each class will work on team building end with game time to work on the skill of the day. Let's have some fun playing this exciting game this summer. *Students will need tennis shoes (cleats optional), shin guards and water bottle. We will provide balls and plenty of water breaks.*

Sun-Sational Science (no fee)

This class is designed for students who will learn science through exploration, experiments, nature studies, and projects by using hands on materials to expand their critical thinking skills.

Walking/Running Club (no fee)

Discover your love of running by participating in this highly active walking/running club over the summer. This summer course offers students of all ages the opportunity to engage in regular physical activity each day while having fun! Students will partake in running adventures to build endurance and get them moving toward healthy activity levels. Please have your student wear tennis shoes and bring a water bottle.

Zumba® Kids Jr (no fee)

Students will learn kid-friendly dance routines based on original Zumba® music and choreography. They will have the opportunity to engage in games and cultural activities to demonstrate key elements of teamwork, leadership, focus, coordination, self-confidence, and creativity.

Course Descriptions for Students entering Grades 4-5 in the Fall of 2018

All A'Board (no fee)

Love to play board games? Want to strengthen your critical thinking skills and strategy development? Choose from a variety of different board games, relax and build a LEGO village, or compete with others to make the best words in Scrabble. Spend your Monopoly money and become the owner of real estate, railroads and utilities. Be sure to pay the taxes or you will pay the consequences. Use your skills to be a winner with a variety of classroom games or bring a favorite to share. Puzzles and games give our brains a boost! Please feel free to bring your own board game, as well.

Astounding Artists (\$5 fee)

Come express your creative energies while learning about different artists and applying their techniques to your creation. Learn different painting and drawing techniques and be prepared to get messy! *Students will need to bring an art smock or old t-shirt.*

Chess for Champs (Combined 4-8) (no fee)

Whether you love chess or have never played it before, this is the class for you! This class helps you understand and learn the game of chess. Learn about the pieces, moves, and strategies used in the ever-popular game of chess. Who knows? You may have what it takes to be a chess champ!

Crafty Kids (\$5 fee)

Come create magical little creatures out of fabric, plaster, and clay with Ms. Trump. Create sculptures and 3-D art while putting your "craft" on. This creative art class will keep the minds of all children excited, engaged, and challenged this summer! Summer Fun meets Summer School! *Students will need to bring an art smock or old t-shirt.*

Cross Stitch/Sewing (\$10 fee)

Have fun and make beautiful cross stitched projects you will be proud to display. Students will be able to choose their own projects and learn skills such as needle threading, following a chart, and stitching depending on individual ability levels. Get hints to make your work easier such as how to separate thread and what to do if a thread pulls out.

Dollar\$ and \$ense (no fee)

It's never too early to learn about the world of money! Students will have the opportunity to learn about checking and savings accounts, how to use an ATM, plan a budget, save for special occasions, and learn about the importance of money. They will also engage in games to enhance their financial literacy skills.

From Notebook to Short Film (no fee)

Students will work to develop a Short Film. Students will learn about views on subject matter, character development, empathetic traits, authenticity of script, character flaws, lessons learned, inciting incidents and plot twists, and character secrets and best time to reveal them. Students will spend the first couple of sessions developing the script and then the last sessions producing their short film with iPad and iMovie. Technology lessons will include transitions, camera Point of View, effects, sound, video editing and publishing of film. The last day will be a Red Carpet final showing with parent invitations.

Jewelry Making (\$10 fee)

Interested in creating your own masterpieces of unique jewelry? This is the class for you where you will get to bead or string your way to unique bracelets, necklaces, rings, earrings, or anklets. Create customized, stylish jewelry ready for you and your friends to wear! Be your own jewelry designer where you can choose your own colors to make one-of-a-kind pieces! Not only will we bead bracelets and necklaces but we will also make wooden bracelets out of Popsicle sticks, splattered paint pendants and friendship bracelets. Come join us and let your creativity run wild!

Kid Cuisine (Combined 1-5) (2 class periods) (\$10 fee)

This class is designed for those who love to make food! Students will incorporate their writing skills into writing recipes. Learning about food groups, and measuring all while making kid friendly foods and learning about healthy snacks. Everyone gets the opportunity to be a chef!

Kindness Counts (no fee)

This class is designed for students to learn about the power of kindness. Students will engage in kindness counts activities both in the community and the school where they will engage in activities or projects centered around making a difference. Some activities may include: kindness rocks, updated buddy bench, kindness posters.

Magical Paper Folding (\$5 fee)

Discover the magic of Japanese paper folding! We will create paper sculptures of fish, flowers, foxes, and more! Students will learn to create an animal or object while we read corresponding stories about them.

MakerSpace (Combined 1-5) (\$5 fee)

Join us in the *place* for making, collaborating, learning, and sharing - the Makerspace. Get hands-on this summer with Legos and be the director of your own movie with Green Screens in Session 1. In Session 2, take your problem solving and robot skills to the next level as you develop solutions to the "Makerspace Summer Challenges" using Connectors and Dash Robots to accomplish the objectives. Students with curiosity and imagination wanted!

Math Games (no fee)

Are you interested in playing games, but secretly learning math? Students may play card games, Sequence Numbers, I Sea 10, Sumoku, Super Genius, Speed, Prime Club, and many more.

Movin' to Middle School (no fee)

Want to get a jump on your first year at Bayside? Interested in learning the best ways to get around the middle school, manage your homework load, or open your locker? Join us for Movin' to Middle School to learn how to be successful during your first year at Bayside through participation in fun activities, such as a Bayside scavenger hunt. From study skills to hall traffic patterns, students will come away from this session with valuable knowledge and skills to help them be successful Bayside 5th graders! See Mrs. James, Bayside School Counselor, for more information.

Not Your Grandma's Crochet (\$10 fee)

In this course students will first learn the basics of crochet by making bracelets and bookmarks. Students will then move on to learn techniques of different stitches. Some project options include making an emoji, a small stuffed owl, slippers, a hat, fingerless gloves, a coin purse/phone case, etc. There will be various project options with varying skill levels; students can choose what they will create.

Readers Theater (\$5 fee)

Sink your teeth into summer by creating your own stories and skits based off of your favorite stories or a new story! Develop reading fluency by exploring famous authors and acting out your favorite scenes! Who needs costumes, props, or a set when you have a creative imagination?

Sports Frenzy (no fee)

Come have some summer fun with “Coach Mak,” Brian Makinster. The focus will be on teamwork, sportsmanship, and safety skills while we will play a wide variety of traditional sports and creative Physical Education games. Summer Kicks (no fee)

Come learn soccer skills. You will learn dribbling, passing, shooting, defending and even goalkeeping. Each class will work on team building end with game time to work on the skill of the day. Let's have some fun playing this exciting game this summer. *Students will need tennis shoes (cleats optional), shin guards and water bottle. We will provide balls and plenty of water breaks.*

Super Science (no fee)

Students will explore scientific ideas through a variety of fascinating hands-on experiments that help bring the exciting world of science to life. They will learn interesting science facts by experimenting with different materials that react in surprising ways. This course will also give students the opportunity to make and take some experiments.

Walking/Running Club (no fee)

Discover your love of running by participating in this highly active walking/running club over the summer. This summer class offers students of all ages the opportunity to engage in regular physical activity each day while having fun! Students will partake in running adventures to build endurance and get them moving toward healthy activity levels. Please have your student wear tennis shoes and bring a water bottle.

Taking Care of You (no fee)

In this class, students will learn about the importance of living a healthy lifestyle and how it affects their daily lives. Important topics to be discussed include keeping fit and having fun. Why is exercise key to maintaining health and wellness? Students will be exposed to different types of exercise and even have the opportunity to try them in class. Students will also be exposed to the importance of nutrition and why eating a balanced diet is important in not only maintaining a healthy weight but feeling good all around. Simple healthy snacks will be created within class to help students have a guide to healthy eating.

Weaving Wonder (\$10 fee)

Learn all kinds of techniques weaving yarn on a loom. Students will work on a small project such as a keychain to learn the basics and then move on to a larger project. Larger projects include making 1-2 wall weavings (a rectangle first and then a circle if time permits).

Zumba® Kids (no fee)

Students will learn kid-friendly dance routines based on original Zumba® music and choreography. They will have the opportunity to engage in games and cultural activities to demonstrate key elements of teamwork, leadership, focus, coordination, self-confidence, and creativity.

Course Descriptions for Students entering Grades 6-8 in the Fall of 2018

Acting through History and Government (2 class periods) (no fee)

This class will have students complete both computer simulations and classroom simulations that will engage students with Social Studies content. Students will learn more about American Government and History by using different online simulations through I Civics, Oregon Trail, and other online simulations. Students can also bring government and history alive by participating in classroom simulations like model UN, and other in class simulations. If time permits, students can design their own historical games for other students to play.

All A'Board (no fee)

Love to play board games? Want to strengthen your critical thinking skills and strategy development? Engage with fun board games that make you think or even make your own board game! Students will play board games that develop strategic thinking such as Blokus, Boggle, Color Cubed, Time Line Games, 10 Days in the ..., and many more. Students are encouraged to share their favorite game. Please feel free to bring your own board game, as well.

Bayside Mentors (\$10 fee)

Wanted: Compassionate students who are interested in being part of the 8th Student Mentor Team. By participating in this session, you will learn the many facets of becoming an 8th grade mentor, such as helping other students work through conflict, giving tours of the building, assisting 5th graders with adjusting to middle school, and being ready to take a leadership role in your last year at Bayside. Character building activities will be an important and meaningful part of this training. To participate, please request an application and teacher recommendation form from Mrs. James.

Building Stories with Legos (no fee)

Bring your stories to life with Lego's! This course takes a hands-on approach to narrative writing, using Lego's story-starter kits as inspiration. Students will explore the writing process and stretch their imaginations to create stop-motion stories told through film. This class puts a new spin on the good old-fashioned game of make-believe.

Crafty Kids (\$5 fee)

Come create magical little creatures out of fabric, plaster, and clay with Ms. Trump. Create sculptures and 3-D art while putting your "craft" on. This creative art class will keep the minds of all children excited, engaged, and challenged this summer! Summer Fun meets Summer School! *Students will need to bring an art smock or old t-shirt.*

Chess for Champs (Combined 4-8) (no fee)

Whether you love chess or have never played it before, this is the class for you! This class helps you understand and learn the game of chess. Learn about the pieces, moves, and strategies used in the ever-popular game of chess. Who knows? You may have what it takes to be a chess champ!

Cross Stitch/Sewing (\$10 fee)

Students will be able to choose their own projects and learn skills such as needle threading, following a chart, and stitching depending on individual ability levels. Get hints to make your work easier such as how to separate thread and what to do if a thread pulls out.

Dollar\$ and \$ense (no fee)

It's never too early to learn about the world of money! Students will have the opportunity to learn about checking and savings accounts, how to use an ATM, plan a budget, save for special occasions, and learn about the importance of money. They will also engage in games to enhance their financial literacy skills.

From Notebook to Short Film (no fee)

Students will work to develop a Short Film. Students will learn about views on subject matter, character development, empathetic traits, authenticity of script, character flaws, lessons learned, inciting incidents and plot twists, and character secrets and best time to reveal them. Students will spend the first couple of sessions developing the script and then the last sessions producing their short film with iPad and iMovie. Technology lessons will include transitions, camera Point of View, effects, sound, video editing and publishing of film. The last day will be a Red Carpet final showing with parent invitations.

History Mysteries (2 class periods) (no fee)

Are you a history buff? This is the class for you! Students can explore historical topics from World History, US History, or Wisconsin History by choosing a historical event to investigate through inquiry based learning. Students will research through primary sources to formulate a claim supported with evidence and reasoning as to potentially solve the historical mystery. Students will also be taught how to use NoodleTools to create an annotated bibliography, as required when they enter Nicolet High School. Students can present using different options that are allowed from National History Day. Students can create a documentary, an exhibit, write a research paper, create live play, and/or create a website. This is the opportunity to make history come alive!

Jewelry Making (\$10 fee)

Interested in creating your own masterpieces of unique jewelry? This is the class for you where you will get to bead or string your way to unique bracelets, necklaces, rings, earrings, or anklets. Create customized, stylish jewelry ready for you and your friends to wear! Be your own jewelry designer where you can choose your own colors to make one-of-a-kind pieces! You can make simple bead necklaces and bracelets, Elsa inspired necklaces, super cute Pony beaded necklaces, and bracelets out of T-shirts. Grades 4-5 not only will we bead bracelets and necklaces but we will also make wooden bracelets out of Popsicle sticks, splattered paint pendants and friendship bracelets. Grades 6-8 will also try their hand at macrame bracelets. Come join us and let your creativity run wild!
