STUDENT COVID-19 DATA

Current Students Isolated Due To A Positive Case Current Students Quarantined Due To Close Contact

	Current Students Isolated Due To A Positive Case	Current Students Quarantined Due To Close Contact	#1 14-Day Cumulative Positive Case %	#2 14-Day Average Staff Absence Rate	#3 14-Day Average Student Absence Rate
	0 (0%)	3 (.36%)	.21%	3.83%	2.01%
Stormonth	0 (0%)	1 (.21%)	.18%	3.66%	1.85%
Bayside MS	0 (0%)	2 (.54%)	.24%	4.06%	2.21%

TRIGGER POINTS

#1

14-Day Cumulative Positive Case %

#2

14-Day Average Staff Absence Rate

#3

14-Day Average Student Absence Rate

Potential Transition to Virtual Learning

#1 - Positive Case %: Cumulative total positive cases over the last 14 days, divided by the total number of staff **[** This now includes all students and all staff, whereas, previously it only included those who were in the facilities]**

#2 - Staff Absence Rate: Level of concern for this metric varies based on the staff member who is quarantined/isolated or sick and the ability to fill each staff absence.

#3 - Student Absence Rate: Calculated as the percent of students absent from school building over past 14 days

#4 - Community Burden (Harvard Model): See below.

FOX BAY DISTRICT

STORMONTH

Stormonth

Bayside MS

SCHOOLS

Burden (case rate per 100,000 in most two recent weeks 12/2-12/15)

Bayside	CRITICAL	866
Fox Point	CRITICAL	642
North Shore Communities	CRITICAL	652
