.37%	Data not Available	Data not Available
.94%	Data not Available	Data not Available

Potential Transition to Virtual Learning

#1 - Positive Case %: Cumulative total positive cases over the last 14 days, divided by the total number of staff **[** This now includes all students and all staff, whereas, previously it only included those who were in the facilities]**

#2 - Staff Absence Rate: Level of concern for this metric varies based on the staff member who is quarantined/isolated or sick and the ability to fill each staff absence.

#3 - Student Absence Rate: Calculated as the percent of students absent from school building over past 14 days

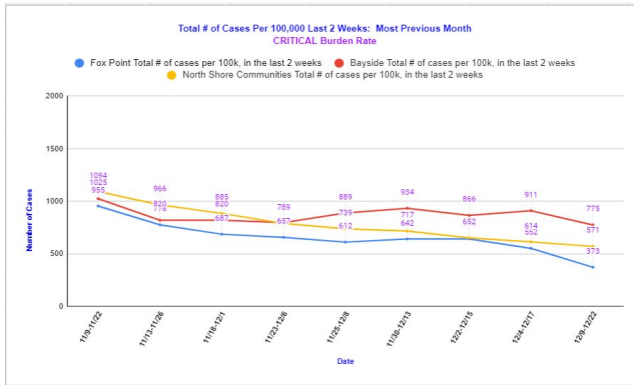

#4 - Community Burden (Harvard Model): See below.

SCHOOLS

Burden (case rate per 100,000 in most two recent weeks 12/9-12/22)

Bayside	CRITICAL	775
Fox Point	CRITICAL	373
North Shore Communities	CRITICAL	571
