LOCATION

This year Summer Pathways will be held at Bayside Middle School, 601 East Ellsworth Lane in Bayside.

SUMMER SCHOOL PROGRAM TIMES

The FPBS Summer Pathways will run two sessions of summer school opportunities where students may participate in Session 1 only, Session 2 only, or both sessions! Children are welcome to repeat a course they took in previous summers, but course content will be similar to the current offerings. Teachers will use the same class content for both Session 1 and Session 2. Please be mindful of this when making your child's selection. Some classes have special grade level content and are only offered to specific grades. Again, please read course descriptions carefully.

- **2023 Summer Session:** June 20 - 23 (T-F) and June 26 - 30 (M-F) = 9 days
Class Period 1: 8:00 am - 8:55 am
Class Period 2: 9:00 am - 9:55 am
Class Period 3: 10:00 am - 10:55 am
LUNCH/RECESS: 11:00am - 12:00 pm
Class Period 4: 12:00 pm-12:55 pm
Class Period 5: 1:00 pm-1:55 pm
Class Period 6: 2:00 pm-2:55 pm
- **YMCA After Care:** June 20 - 23 (T-F) and June 26 - 30 (M-F) = 9 days
3:00 pm-6:00 pm. Please contact Samantha Fairchild at sfairchild@ymcamke.org with questions.

Each child may enroll in six (6), fifty-five minute IN PERSON classes per day based on course availability. #Please note that Movin' to Middle School, and the Musical will run for two consecutive class periods.

When you register for classes, if you don't see the course you are looking for, it is no longer available. This is an indication that that course is at capacity. Alternate classes are no longer a requirement. Therefore, you will need to plan accordingly.

ELIGIBILITY

Any resident student, who lives within the Fox-Point Bayside School District boundaries, currently enrolled in public, private or parochial school currently in grades K5-7 is eligible to participate. ***We are not accepting non-district resident enrollment this year.** If your student does not currently attend school in the Fox Point-Bayside School District, but you live in the district, please email ICHelp@foxbay.org with your address and an email will be sent with directions.

DISTRICT STATUS

A resident student is any student who currently attends Stormonth Elementary School or Bayside Middle School or who lives within the Fox-Point Bayside School District boundaries.

REGISTRATION

Program Fees (New Process this Year!)

See individual course descriptions for material fees.

You will be asked to pay online prior to checking out to complete your registration. This will require you to pay with a Credit Card (Visa, Mastercard, Discover or echeck) or a Checking or Savings account. For any caregiver that would prefer to pay in person via cash or check, we will hold an in person registration in the Stormonth Boardroom on Monday, March 20, 2023 at 8:00am. [Please fill out this form to make an appointment for in person registration.](#) Checks and cash (exact amount please) will be accepted at this time. Sadly, we cannot guarantee course availability after March 20th, however. Fees will not be prorated due to absence or refunded due to withdrawal from the program.

Registration Opens

Online registration will open Monday, March 20, 2023 at 8:00AM. Course descriptions and grade level recommendations will be discussed at parent teacher conferences.

NOTE (NEW THIS YEAR!): Registration for courses will be based on the grade your child is currently in for the 2022-23 school year. Please read the descriptions carefully before completing the course registration through the IC portal link below. Be mindful of the grade bands. Most courses are offered to K5-2, 3-4 and 5-7 grade bands, but read carefully as some courses offered will incorporate grade levels beyond these particular bands.

**Summer Pathways Online Registration Instructions -
This link will be available on Monday, March 13.**

Registration Closes

Online registration will close at Midnight on Friday, April 7, 2023. Courses will be filled automatically, based on course availability. Please note, you will NOT be asked to select alternate course choices this year. When registering, the courses will not appear if the course is at maximum capacity. Please plan accordingly! Last year, most classes were filled on the day that registration opened. Again, with high registration traffic, many classes close quickly. Therefore, waiting until April 7th is highly discouraged. We are not accepting non-district resident enrollment this year. If your student does not currently attend school in the Fox Point-Bayside School District, but you live in the district, please email ICHelp@foxbay.org with your address and an email will be sent with directions.

CONFIRMATION OF COURSES AND SCHEDULE

On Friday, May 19, 2023. You will receive a finalized schedule for Summer Pathways 2023.

ATTENDANCE

All students enrolled in the Summer Pathways program are expected to attend classes on a regular basis. Please contact the Bayside School Office (414-247-4202) to report an absence.

PROGRAM POLICIES

The Fox Point-Bayside School District Summer Pathways program utilizes all school district rules and policies, including behavior, mask wearing, social distancing, conduct, and cell phone use. These guidelines must be maintained to support effective programming. In addition, The Fox Point-Bayside School District utilizes the same computer/internet policies for summer school, as the school year. You can find those policies on the district webpage.

TRANSPORTATION

Transportation is not provided for resident students. Parent carpools are strongly encouraged and have proven to be very effective in reducing traffic congestion. Transportation will be provided for students in the Chapter 220 program. All classes will be held at Bayside Middle School!

DROP OFF and PICK UP

Please drop off all students at the main entrance of Bayside Middle School. Enter the parking lot off Ellsworth Lane and pull up as far as you can to the main doors no earlier than 7:50 am. Please make sure students are exiting on the passenger side of the car and step onto the sidewalk. If you arrive after 8:05 or if there is no Summer Pathways staff visible at drop off, please park along the curb near the front entrance and bring them to the office for check in. When leaving, you will continue along the curb driving south and exit using Standish Place.

Pick up will start SHARPLY at 2:55 at the Bayside Middle School Main entrance. Please be mindful of the summer staff and their time by arranging for timely pick up. All late pick ups will need to report to the front office, using the main entrance. Please have your child's last name printed on a 8.5x11 sheet of paper, visible to the staff to expedite the pick-up process.

PROGRAM QUESTIONS

If you have questions, contact Mindy Makinster, Summer Pathways Principal at mmakinster@foxbay.org or 414.247.4145.

NEW THIS YEAR

*Registration will be done according to the child's CURRENT grade level (that of the 2022/23 school year).

*Lunch will be provided.

*The program will be held at Bayside Middle School, 601 East Ellsworth Lane, Bayside.

*We are not accepting non-district resident enrollment this year. If your student does not currently attend school in the Fox Point-Bayside School District, but you live in the district, please email ICHelp@foxbay.org with your address and an email will be sent with directions.

FPBS SUMMER PATHWAYS PROGRAM COURSE DESCRIPTIONS

Course Descriptions- Specific Grade Levels

* Classes that are designated to a specific grade levels

#Classes that run two consecutive class periods

REMINDER: Register for courses based on your child's CURRENT grade! (2022/23 school year)

Beads and Beyond! (\$15)

Eligible: students currently in grades K5-7

Get ready to explore the world of beading! Each day we will make something new including magical dream catchers, garden lanterns, sun catchers, beaded wire maze sculptures, bracelets, key chains, and more! With a mix of beads and other fun art materials, students will learn beading techniques, jewelry design, pattern building, and strengthen fine motor skills, one bead at a time!

Becoming a Social Scientist: (\$15 fee)

Eligible: students currently in grades 3-7

Are you interested in learning more about the state of Wisconsin? Are you interested in learning more about our community of Fox Point, Bayside, and Milwaukee? Are you interested in learning more about birds, trees, and other animals in our state? Do you enjoy planning, working with hand tools, and painting? Then join this class as we learn about some WI and local history as well as some WI native species, where they live and how to attract them. We will explore some different time periods of WI and local history, birds, trees, and other animals that are native to our communities. Students will have the opportunity to create some visuals and models to present areas of WI and community history that they want to learn more about. Students will also be utilizing small hammers, nails, paints, and glue to construct a birdhouse. We will use our measurement and design skills along with our muscles to create homes for our feathered friends. Permission slip will be required to use a hammer and nails.

Building Stories with Legos: (No fee)

Eligible: students currently in grades K5-7

Bring your stories to life with Legos! This course takes a hands-on approach to narrative writing, using Lego's story-starter kits as inspiration. Students will explore the writing process and stretch their imaginations to create stop-motion stories told through film. This class puts a new spin on the good old-fashioned game of make-believe.

Card Sharks: (No Fee)

Eligible: students currently in grades K5-7

Card games have been a popular pastime for centuries. They take logic, strategy, and focused concentration. Students entering grades 1-3 learn Uno, spoons, speed, war, and Old Maid. Students entering grades 4-5 and 6-8 learn, practice and play classic card games like cribbage, golf and 99. Just one deck of cards provides endless opportunities. Do you have what it takes to be a card-shark?

Chess for Champs: (No Fee)

Eligible: students currently in grades K5-7

Whether you love chess or have never played it before, this is the class for you! This class helps you understand and learn the game of chess. Learn about the pieces, moves, and strategies used in the ever-popular game of chess. You will also learn how to manage tournament brackets. Who knows? You may have what it takes to be a chess champ!

Civil Engineering: (No Fee)

Eligible: students entering grades 3-7

Take a look around your city. Think about places where you have visited friends or family or vacationed. You have witnessed the work of civil engineers! These engineers design buildings, bridges, and other infrastructure that has purpose, keeps people safe, and can be stunning in design! Experience civil engineering by designing and testing a skyscraper that can withstand earthquake conditions and a bridge that can meet length and weight requirements. This STEM class will teach scientific principles as we have some hands-on fun and challenges!

Crafty Kids: (\$10 Fee)

Eligible: students currently in grades K5-7

This class provides the perfect opportunity for students to use their "crafty" side and create

unique projects using items such as rocks, wood, clay, and more! Bring your innovative and crafty ideas and we will create one of a kind crafts!

Cultural Connections- (No Fee)

Eligible: students entering grades 3-7

Through Film & Music For students entering grades 4-8 Each class, we'll focus on a new and exciting culture by learning through its short films, modern music, and games. Students will leave able to make connections with cultures close and far, and hopefully with an upbeat and diverse summer playlist! Come ready to participate in traditional lawn and board games from around the globe.

Daily Ukulele - (No fee)

Eligible: students entering grades 2-7

Have you always wanted to learn to play the ukulele? Well here is your chance! No experience or instrument required for this beginner course on the ukulele. You will walk away from this class everyday with a new song to sing and play!

Emoji Pillow-Making: (\$10 fee)

Eligible: students entering grades K5-7

What better way to express feelings than with emojis? In this class, students will explore the different meanings attached to each emoji, discuss how feelings are conveyed through facial expressions and body language, and create a fun project. Using felt, a pillow will be designed with a student's favorite emoji, or one specially imagined. Various hand sewing stitches such as the running, blanket, or whip stitch will be shown, giving each student a choice in how to finish off the pillow edge.

Environmental Awareness: (\$10 Fee)

Eligible: students entering grades K5-3 and 6-7

Do you love the outdoors? Are you inspired by nature? This is the perfect group for you! Together, we will explore Bayside and the surrounding setting while getting creative inspiration! Along the way, we will learn about nature journaling, and how to use nature as inspiration for storytelling, creative writing, and fun, hands-on projects. We will also explore ways we can inspire others to be more environmentally aware.

Exploring World Cultures Through Cooking (\$10 fee)

Eligible: students currently in grades K5-7

For students entering grades 1-8 Would you like to explore foods, cultures and traditions from a region or country in our world? This is your opportunity to learn about diverse peoples by preparing and tasting traditional dishes. We'll continue our cultural exploration with the help of short stories, nonfiction texts, and music.

***Fired Up for First Grade Math/Reading: (\$5 fee)**

Eligible: students currently in grades K5

This course is designed to support current kindergarten students who are making the transition to first grade in the fall. Students will work to reinforce the core concepts and basic skills learned throughout kindergarten that will help them succeed in first grade! In Reading, students will participate in a variety of activities to help bolster their phonics skills, review and solidify sight word recognition, and prepare them for first grade Readers Workshop and Writers Workshop. In Math, students will practice counting skills, addition and subtraction strategies, and work with story problems. We will also get creative and get our hands dirty with some fun and interactive arts and crafts projects!

Fitness Fun: (No Fee)

Eligible: students currently in grades K5-7

Discover your love of walking and fitness by participating in this highly active walking/fitness club over the summer. This summer class offers students of all ages the opportunity to engage in regular physical activity each day while having fun! Students will partake in running adventures to build endurance and get them moving toward healthy activity levels. Please have your student wear tennis shoes and bring a water bottle.

FoxBay Singers: (No fee)

Eligible: students currently in grades K5-7

Any student that loves to sing is welcome here! We will be learning some amazing choir songs together from musicals you love like *The Greatest Showman*, *Hamilton*, and *The Sound of Music*. Singing will take place outdoors when the weather is appropriate.

Game Night: (No Fee)

Eligible: students currently in grades K5-7

Do you like playing games? Do you like hanging out with your friends? In this class there are many choices of games to play and you will get to play them with all your friends! You will learn how to play some "Family Game Night" games including *Taboo*, *Reverse Charades*, *Clue* and many more! We will play games in small groups and some that the whole class can play together. Get ready to have fun learning something new.

Garden Art (\$10 Fee)

Eligible: students currently in grades K5-7

Do you have a passion for digging in the dirt, planting a colorful array of flowers, or creating something special for your garden? If so, this class is for YOU! We will be creating a stepping stone, a flower pot, a bird house and learning what plants need to grow. Bring your green thumb, sunscreen and creativity!

Graphic Novel Book Club (\$15 fee)

Eligible: students currently in grades 3-4

Relax and read the graphic novel, *Speak Up!* by Rebecca Burgess. We'll discuss various plot elements and also examine the art and design choices that help tell the story through graphics.

It's All Fun and Games: (No fee)

Eligible: students currently in grades K5-7

Playing cooperative games builds teamwork through active cooperation and communication. In this social emotional class your child will learn the art of teamwork through active hands-on activities and games which promote trust, communication, cooperation, problem-solving, sharing, kindness, empathy and team building as they work towards the same goal. Most importantly, while building these life-long skills, your child will have fun and make new friends.

Kids Crafty Snacks: (\$15 fee)

Eligible: students currently in grades K5-7

Do you like snacks? Do you like crafts? How about crafty snacks? Well, this class is for you! We will be concocting some fun summer snacks that are healthy and delicious! While planning and crafting, we will be using our math skills, writing skills, and learning how to sharpen our functional life skills in a hands-on way. And to top it all off--- this class will provide the perfect opportunity for students to tap into their "crafty" side and create unique projects as well. Bring your innovative and crafty ideas along with an appetite for crafty snacks!

Koppa Tennis: (\$90 Fee)

Fee will be paid directly to Koppa Tennis via [email from Sami Koppa](#)

[Eligible: students currently in grades K5-7](#)

Do you want to learn a new, fun sport? Structured tennis lessons with an emphasis on developmental skills, fitness, and fun has been added to Summer Pathways! The newly designed sessions are brought in by the Nicolet Head Boys and Girls tennis coach, Tim Koppa, and a Stormonth teacher/tennis coach, Sami Koppa. The Koppa Family brings over 30 years of tennis experience leading recreation programs and creating champions! Multiple students from the Fox Point Bayside Bay School District that have attended the academy have become varsity players, state qualifiers, North Shore Conference Champions, and a few STATE CHAMPIONS! Koppa Tennis Academy is excited to bridge the tennis journey with the Fox Point Bayside Bay School District. This program will be offered to students currently in grades K5-7. We encourage kids of all skill levels to join us. Tennis players are encouraged to bring a water bottle, their own racket (rackets will be provided for those who do not have their own), and a good attitude! Classes will run...rain or shine. If it were to rain, students would go inside to gain more knowledge of the sport, scoring, and to improve their mental toughness. The cost of this program will be \$90.00 and the payment will be made via cash or check. Due to this being an outsourced program, all questions should be directed to Sami Koppa at (414)247-4148 or skoppa@foxbay.org

Magic School Bus Mania: (\$5 fee)

[Eligible: students currently in grades K5-3](#)

Join Ms. Frizzle, Liz and the rest of the gang as we explore and learn more about the world around us! In this class, we will run fun, exciting (and maybe a little messy) science experiments and study topics of interest for each scientist. It may get messy, we may make mistakes, but we will definitely have fun learning together!

Makerspace Fun: (No fee)

[Eligible: students currently in grades K5-7](#)

Bring your creativity and sense of wonder as you explore with makerspace materials. Students will be able to build structures with Keva planks, straw connectors, marble runs, and more! Other materials will also be available for students who want to create their own crafty projects.

Mindfulness: (\$10 fee)

[Eligible: students currently in grades K5-2 and 5-7](#)

Mindfulness is maintaining a moment-by-moment awareness of our surrounding environment, as well as our thoughts, feelings, and bodily sensations through a gentle, nurturing lens. When we practice mindfulness, our thoughts tune into the present moment rather than rehashing the past or imagining the future. This course will include daily mindfulness practice such as guided meditations, and experiences that utilize the senses such as mindful listening, tasting and smelling. Journaling and mindful movement such as yoga will also be explored! A social emotional connection between the physical and mental aspects of life will be addressed. Students will also get crafty and make items that can help them in their individual mindfulness practices. Students will be "tasting and smelling" - please notify the office immediately if you child has any allergies.

Minecraft Math: (No Fee)

Eligible: students currently in grades K5-3

Do you love Minecraft? Math? If so, this class is for you! Combine your love of Minecraft and math as we explore numbers, geometric shapes, story problems and more, all at your individual math level and all Minecraft-focused. You will learn that there is more math in Minecraft than you realized!

***#Moving to Middle School: (\$15 fee)**

Eligible: students currently in grade 4

This class is designed to acclimate 4th grade students to the middle school environment. Students will learn more about the different parts of the building, how to manipulate their locker combination, and learn study skills to help them be successful 5th graders on day one of middle school. See Mrs. James, Bayside School Counselor, for more information. Note: This class is a 2 hour class from 8:00-9:55 or 12:00-1:55.

#Musical "The Journey of the Noble Gnarble!" (\$15 free-T Shirt included)

Eligible: students currently in grades 2-7

The ocean floor is filled with the rarest of creatures, but none are as rare as gnarbles. Their fins are small, their tails are floppy, and they have never strayed far from their homes...until now. Journey of the Noble Gnarble is a story of a little gnarble with a big dream, who tries to make it past doubting blyfish, sneaky subbalubbles, and hungry plinks on his way to the surface of the sea. Along the way he befriends the gliny glims who teach him the importance of positivity and determination!

Musical: [Set and Costume Design](#) (If your child is not in the musical, but would like a musical T Shirt, shirts will be available after registration for a \$15 fee. More information to come)

Eligible: students currently in grades 2-7

Set and costume design for "The Journey of the Noble Gnarble" - Build an oceanic set and many costume creations to turn our actors into underwater creatures! 2nd - 8th

Mysteries, Mazes and More: (No Fee)

Eligible: students currently in grades 3-7

Students would be solving one main mystery throughout the course but would also work on smaller mysteries, hidden pictures and mazes! Become an Encyclopedia Brown for two weeks.

Outdoor Art-ventures: (\$10 fee)

Eligible: students currently in grades K5-7

Did you know you can make art with leaves and rocks? Did you know that the Impressionists were a group of painters that liked to paint outside, right on the spot? In this course we will take our art outside! Painting, drawing, and building art environments will all be explored in this super fun summer class!

Paper Mache: (\$10 fee)

Eligible: students currently in grades K5-7

Would you believe that you can create small, fun creatures out of newspaper, paper tubes, masking tape, paint, and googly eyes? Find out how with this creative and crafty class.

Passion Projects: (No fee)

Eligible: students currently in grades 3-7

Ever wonder why school buses don't have seatbelts? or How to raise money for a cause? Ever wonder about your favorite sports teams and games? Learn how reading, research, writing and most of all WONDERING can help. Students will be able to create visuals and models as well to help present and share their findings and ideas. This course will also allow students to explore some different careers of community members (firefighters, police, teachers, business members, government members, etc.) to get a better understanding of the different jobs and make students aware of their communities. Students will also have the opportunity to explore a sports based passion project. Students will get to learn more about their favorite sports and sports superstars! We will also spend some time learning about different popular sports (football, basketball, baseball, soccer, etc.) and students will ask I wonder questions and explore different people and sports they are interested in learning more about and have the opportunity to design and create visuals and models to show off their findings. Students will also be able to also design and create a future sport of their choice and present it to classmates that they think would be fun for people to play! We will research a current wonder of your choice, gathering evidence and answers while preparing to share our findings with the community. We will create an action plan as a team. After all, we are the change we seek.

PE Games: (No Fee)

Eligible: students currently in grades K5-7

The focus will be on teamwork, sportsmanship, and safety skills while we will play a wide variety of creative Physical Education games! This adventure of recreational fun will provide plenty of non-stop action for all kids. Please bring a water bottle and wear PE shoes.

Pickleball : (No Fee)

Eligible: students currently in grades 3-7

Learn this great game that people of all ages can play together at the same time. Play competitively or play socially. Either way, you can play with friends or play with grandparents. Come and learn how to rally with shots of all kinds. Learn how to hit a "smash" shot or perfect a "dink" shot. Discover how to call the score of the game and hopefully you won't ever get "pickled." There is a place on the court called "the kitchen." You will be taught when you can & cannot go into the kitchen. This game will improve your hand-eye coordination & provide exercise without having to run a lot. Best of all, a good laugh has proven to reduce stress. While playing this game you will enhance your well-being & increase your mood. Beware, this game is addictive! It will provide fun, giggles, and health benefits. Sign up for Pickleball and sharpen your mental keenness as well!

Pirateology: (\$10 Fee)

Eligible: students currently in grades K5-3

Ahoy Mates! Welcome aboard the world of pirates in Summer Pathways 2023. In this class you will read a classic pirate story (both elementary and middle school books available), create pirate maps, go on a private treasure hunt with your fellow pirates, learn how to be a pirate from a professional pirate (which includes how to talk like a pirate and wear an eye patch), design a pirate flag for your crew, design your own ship and learn how to navigate the sea using a compass rose to the Caribbean Islands. Come join us for some Pirate fun AARRRRRRR!

Pokemon Club for Pokemon Fans! (No fee)

Eligible: students currently in grades K 5-4

In this Pokemon Club, we will gather to talk about all things Pokemon! Students should bring their cards to class. Come meet other friends who share your passion for Pokemon!

Projects, Poetry, and Popcorn: (\$5 fee)

Eligible: students currently in grades K5-7

Join us for some creative poetry writing that coordinates with cool projects and/or poetry book writing. Students will learn about different types of poetry and try their hand at writing their own masterpieces! A perfect class for those students who have ideas to pop, share and grow!

Puppet Theater: (\$5 fee)

Eligible: students currently in grades 1-5

Make characters come to life in your very own puppet Theater! You will create our own puppet Theater stage and use fun puppets to perform stories, jokes, songs, and more!

Race to Win: (\$5 fee)

Eligible: students currently in grades K5-7

Through hands-on experiences with Hot Wheels cars, marbles and/or already made Pinewood Derby cars, we will explore solving real-life problems using important physical science concepts, technology, engineering practices, and math skills.

Reader's Theater: (No Fee)

Eligible: students currently in grades K5-7

And...ACTION! Step into the world of your favorite storybook classic this summer, as you create and bring it to life. How? By joining great friends in writing your very own script, stepping into the shoes of your character, and putting it all together in your very own production, while at the same time: developing and strengthening your reading, writing and speaking skills.

Sportz Frenzy: (No Fee)

Eligible: students currently in grades K5-7

Do you love sports? Sports are a great way to build valuable skills that will benefit all facets of life. Sportz Frenzy will emphasize teamwork, sportsmanship, and rule-following through competitive team sports. Sports will include basketball, kickball, soccer, and flag-football. It is going to be tons of fun! Please bring a water bottle and wear PE shoes.

STEM Challenges: (\$10 Fee)

Eligible: students currently in grades K5-7

Use your creativity and science skills to solve problems and engineer designs - all while exploring great books! From a paper airplane cargo challenge to peep catapults and more, you'll be introduced to authentic problems through children's books then work independently or with others to come up with possible solutions. Science, Technology, Engineering and Math will take center stage as you brainstorm solutions, revise, retest, and reflect on your process. Come have fun AND grow your brain every step of the way!

***Strategic Game Playing: (No Fee)**

Eligible: students currently in grades 3-7

Games have been a popular pastime for generations. They take strategy, focus, and luck. Learn, practice, and play backgammon, Rummikub, and Yahtzee. Be ready to have fun and learn some new games that you can play for years to come.

***Summer Pathways Press (No fee)**

Eligible: students currently in grades 3-7

Have you always dreamed of becoming a reporter? Well, here is your chance! Amazing things are happening all around Summer Pathways and we need you to help document them! Student reporters will investigate all the fun activities and learning throughout the Summer Pathway's courses as they conduct interviews, take photos, and write articles to share with an audience through our publication.

Super Science (\$10 Fee)

Eligible: students currently in grades K5-7

Students will explore scientific ideas through a variety of fascinating hands-on experiments that help bring the exciting world of science to life. They will learn interesting science facts by experimenting with different materials that react in surprising ways. This course will also give students the opportunity to make and take some experiments.

***Thrills and Chills Reading Club (\$15 fee)**

Eligible: students currently in grades 5-7

Do you like dark, suspenseful, pulse-pounding books that make your hair raise and set your nerves on edges? Let's get lost in a YA book that will keep us on the edge of our seat until the very last page!

Wild Stringdom: (No fee)

Eligible: students currently in grades K5-7

This strumming class is for any students that want to start the ukulele and/or guitar, or for students that already love to play! Don't have a ukulele or guitar? Don't let that stop you. We have plenty! The school will provide a ukulele or guitar (to borrow) for students that don't bring their own.

Yahoo Yarn: (\$15 Fee)

Eligible: students currently in grades K5-7

Can you say, "Yahoo for yarn"? This class, originally created as a class to learn only weaving, has become open-ended in allowing students to be more creative with yarn in different ways. Students will still learn techniques for weaving yarn on a loom but will also have their choice of making other yarn projects. Some examples might include keychains, wall weavings, and circular weavings. We will even investigate projects that include knitting, crocheting, or let our imaginations go wild!

Please scroll down for the worksheet to start planning your Summer Pathway Adventure!
