Daphne Draws Data: A Storytelling with Data Adventure

Daphne is not an ordinary dragon. She doesn't breathe fire—she breathes life into numbers, turning them into pictures that unravel mysteries, forge friendships, and save the day!

Follow Daphne's journey to distant lands, where numbers are heroes in disguise. Her adventures teach the basics of graphs in a way that's fun, interactive, and empowering. Kids will be amazed by her clever lessons and inspired to build their own analytical skills.

Daphne's story isn't solely about data; it's also about appreciating that everyone has their own special talents. It's about teamwork, creativity, and the beauty of seeing the world through a different lens.
