April 3, 2023

Dear Stormonth Families,

The teachers and staff of Stormonth Elementary are committed to providing a high quality education to all students. During the month of May, our staff will begin the arduous and collaborative process of creating well balanced class lists for the 2023-2024 school year.

The process of creating class lists involves all school personnel. Teachers work to create class lists that are balanced in gender, race, academic needs, behavioral needs and relationships. Teachers also work to ensure the best learning environment for each child. The teachers and specialists then submit these lists to the principal for final approval.

Class assignments will be given during Registration Day in August, and students are then able to meet their teachers during Meet and Greet prior to school. These assignments are finalized late summer because changes continue as families move into or out of the area during the summer months. After you receive your child's class assignment on Registration Day, there will be no changes to classroom teacher assignments.

Thank you for your understanding that we are unable to accommodate requests for specific teachers. If you have specific recommendations or concerns for your child's placement, you are encouraged to discuss them privately with your child's current teacher. If you have specific students your child should not be placed with next year, please notify your child's current teacher. You may also send an email to me at lwitkov@foxbay.org **by Friday, April 28, 2023**, indicating your recommendations and what you feel may be the best learning environment for your child.

Thank you in advance for your continued support. It is our goal to ensure that every child experiences success academically and socially-emotionally in the 2023-2024 school year.

Sincerely,

Laura Witkov
Principal
