

## DRUG TAKE BACK DAY - APRIL 26 2025

**Clear Out Old Meds – The Safe Way April 26, 2025.** Drug Take Back Day happens every spring and fall to promote safe medication disposal. While you can drop off meds year-round, this day helps raise awareness about the dangers of improper disposal.

Why it matters:

- Flushed meds harm water, wildlife, and the environment.
- Tossed meds can end up in landfills, soil, or the wrong hands.
- Unused meds are a risk to kids, pets, and others.

**How to participate:** Just stop by a local drop-off site and toss your medications in the bin. Quick, easy, and no questions asked!

**What you can bring:** Prescription and over-the-counter meds like pills, patches, inhalers, creams, sprays, vials, and ointments.

### NORTH SHORE Drug Take Back Day Locations

APR  
26  
2025

**Stop by the following North Shore police departments:**

- Village of Bayside Police Department  
10:00 a.m. - 2:00 p.m.
- Village of Shorewood Police Department  
10:00 a.m. - 2:00 p.m.
- Village of Whitefish Bay Police Department  
10:00 a.m. - 2:00 p.m.

Too often, unused and expired medications find their way into the wrong hands or are disposed of in a way that impacts the environment.

**Bring unused and expired medications to a  
DRUG TAKE BACK DAY COLLECTION SITE**
