Dear parents and guardians of incoming 5K students,

This letter is being sent home to make you aware that your child will need further vaccinations for school in K5, if they have not already received them. Attached you will find a copy of the [Wisconsin state requirements for immunizations](#). Please note that your child may need an additional dose of the DTaP, in addition to a 4th dose of polio vaccine, a 2nd dose of MMR vaccine and a 2nd dose of varicella vaccine. If your child has a history of chickenpox they are not required to get the vaccine. There is space on the [Student Immunization Record](#) to record if your child has had chickenpox.

Please submit a copy of your child's immunization record to the Health Office prior to school starting in September. There is space on the bottom of the [Student Immunization Record](#) to record a waiver for religious, health, or personal conviction reasons. If you complete the waiver, please be sure to sign at the bottom of the record and return the record to the health office prior to the start of school in September.

We encourage you to have your child immunized well in advance of the school opening to avoid the late summer rush at clinics. Thank you for your attention to this matter. Feel free to call with any questions at 414-247-4226 or email me at mcain@foxbay.org.

Sincerely,

Monica Cain, RN, BSN

Fox Point-Bayside District Nurse
