Let's Code

Spring 2024

Afterschool Enrichment Solutions

Nicolet Recreation Department

Grades 2-8

Scratch Superstars – Your child will have a blast designing video games and animations in this exciting STEM program. Our innovative approach to coding is sure to spark your child's interest in computer science, using a kid-friendly, intuitive, block-based programming system called Scratch, developed by the MIT Media Lab. The fun filled curriculum hones important skills related to problem solving, attention to detail, creativity, storytelling and critical thinking. Class topics include conditional statements, cloning, variables, loops, control structure, object-oriented design concepts and data structures.
