

Nurse's Notes-May 2023

Happy Spring! Just a few updates for FPBS families as we enter the home stretch of the school year.

Illness Updates

- We are still seeing strep throat in both schools. Students who are diagnosed with strep throat must complete at least 12 hours of antibiotics and be fever-free prior to returning to school
- We have seen an increase in the number of “stomach bug” cases. Please encourage your students to wash their hands before eating and after going to the bathroom. Please also remind your students not to share water bottles or eating utensils. Students may return to school 24 hours after their last episode of vomiting or diarrhea.
- We no longer have daily COVID testing at either school. We do have plenty of home tests available in the Health Office at both schools. Please let us know now if you would like one.

Summer Pathways

- If your student is attending Summer Pathways and you have any questions regarding health concerns or medication, please call me at 414-247-4226 or email me at mcaain@foxbay.org.
