

Nurse's Notes-Spring Break Edition

Just a few updates as we start Spring Break!

NOVIR Testing

COVID testing by NOVIR will end on March 24, 2023 at both Stormonth and Bayside. We do have a limited number of home tests available in both Health Offices. Please let us know if you need one. You are also able to order free home tests from the state and the USPS, while supplies last.

Free home tests from the State of Wisconsin: <https://www.sayyescovidhometest.org/>

Free home tests from USPS: <https://faq.usps.com/s/article/At-Home-COVID-19-Test-Kits>

Illnesses at School

We have been seeing cases of the “stomach flu” (vomiting, diarrhea, abdominal pain) over the last few weeks. Please remember that students must stay home for 24 hours after their last episode of vomiting, diarrhea, or fever. We appreciate your efforts to keep all of our students healthy!

We are still seeing occasional episodes of Strep Throat, though the numbers are down considerably from earlier in the winter. Some children present with unusual symptoms that mimic other illnesses, so if you are concerned, please follow up with your care provider.

Have a relaxing and healthy Spring Break!
