RESOURCES FOR DISTRICT FAMILIES

Parents and caregivers, did you know that the Fox Point-Bayside School District partners with the Advocate Aurora Student and Family Assistance Program (SFAP), provides district students and families with resources like legal and financial consultations and up to 6 free sessions with a mental health counselor for each member of a household within our district. For more information on these services, [please see the FPBS district website's mental health page to learn more.](#)

SFAP is again offering its popular webinar series "Things We Wish Grown-Ups Knew" in 2025. Each webinar is free and offered virtually at family-friendly times. Caregivers can register for individual sessions or for the entire 4-part series. [Information on the 4 sessions can be found in this flyer.](#)

The first session, Let Me Do It By Myself, will be on January 28, 2025, at both 12:00 pm and 6:30 pm. This presentation will focus on the developmental stages of children. Knowing these stages can help families understand when to allow age-appropriate independence and when to offer support.
