## A MESSAGE FROM THE DISTRICT NURSE REGARDING MEASLES

Unfortunately we are seeing increases in cases of measles nationwide. Though there have not been any cases identified in Wisconsin yet this year, it is important to be informed. The documents discuss how to check your child's immunization status and how to determine if you need a measles vaccine or booster. There is also a letter from the North Shore Health Department further explaining the importance of vaccination and what precautions will be taken if there is a measles outbreak in the North Shore. Please contact me at [mcain@foxbay.org](mailto:mcain@foxbay.org) if you have any questions, or speak with your medical provider.
