When five-year-old Sulwe's classmates make fun of her dark skin, she tries lightening herself to no avail, but her encounter with a shooting star helps her understand there is beauty in every shade.

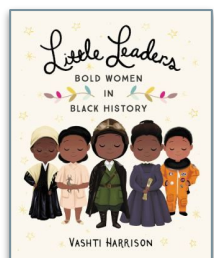

A little girl's daddy steps in to help her arrange her curly, coiling, wild hair into styles that allow her to be her natural, beautiful self. Tender and empowering, *Hair Love* is an ode to loving your natural hair -- and a celebration of daddies and daughters everywhere.

From walking through rain to playing pirates with swords, a sweet and playful bedtime and read-aloud picture book that reminds young readers just how loved they are.

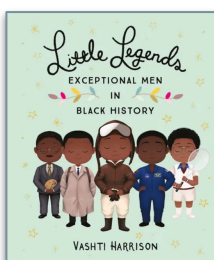

An alphabet board book inspired by the bestselling *Hair Love*. A is for Afro, N is for Natural, and W is for Waves. Letter by letter, follow Zuri and her father in their joy-filled journey through the kinks and curls of Black hair.

A book of short biographies, beautifully illustrated, highlighting Black women who have impacted our world. The leaders in this book may be little, but they all did something big and amazing, inspiring generations to come.

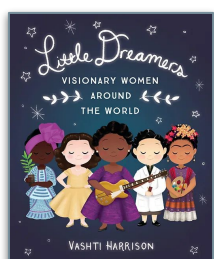

Spring is here, and it's almost time for Holi, the Indian Festival of Colors. Siblings Mintoo & Chintoo are busy gathering flowers to make into colorful powders to toss during the festival. And when at last the big day comes, they gather with their friends, family, & neighbors for a vibrant celebration of fresh starts, friendship, forgiveness, and, of course, fun

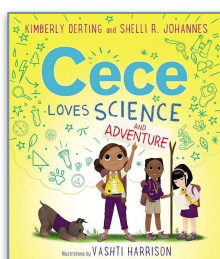

A book of short biographies, beautifully illustrated, highlighting Black men who have impacted our world. The legends in this book span centuries & continents, but what they have in common is that each one has blazed a trail for generations to come.

Night after night, a girl speaks to a dying star and, inspired by its resilience, follows her dream to reach the star someday. This touching tribute to stars, space, and science celebrates how a small act of compassion can flourish into a life full of meaning and wonder.

A book of short biographies, beautifully illustrated, highlighting people who have impacted our world. Some names are known, some are not, but all of the women had a lasting effect on the fields they worked in.

When Cece and her Adventure Girls troop face a sudden thunderstorm, they use science, technology, engineering, and math to solve problems and make their way safely back to camp.
