## *A STORM is Brewing....*

Dear Parents and Community Members:

A STORM is brewing in our district and we are asking for your support to fuel its incredible potential.

Beginning this year, K-4 through 4th-grade students were introduced to a new kind of school library called **The S.T.O.R.M.** (Stormonth: Technologists, Originators, Readers and Makers). Much like Mother Nature's version of a storm, it is a space with thunderous activity that sparks lightning bolts of academic excellence and downpours of creativity.

While it continues to be a space for accessing books, reading, studying and learning, The S.T.O.R.M will expand to include a maker space and an advanced media center. It will be larger and more robust in its offerings and potential.

*This vision for the new learning space not only enhances Stormonth's learning environment right now, it readies the district, and each student, for the future.*

The Educational Foundation has set a goal to raise \$60,000 in the 2018-2019 academic year towards this future-ready library, The S.T.O.R.M., and other district initiatives.

**We are asking you, the families and households of our generous community, to help us reach our goal and fund *The S.T.O.R.M.***

Your tax deductible gift, at any of these levels, makes an incredible difference in our schools!

\$100 Forecasting Greatness	\$1,000 Lighting Surge
\$250 Downpouring of Support	\$2,500 Storm Chaser
\$500 Thunderous Applause	<i>Or give what you can!</i>

With deep appreciation,

Nicole Cook, President, Parent, Community Member
